EDD Announces Faster DE 1545 Process

Due to continuous process improvements, employers now receive the *Notice of Wages Used for Unemployment Insurance (UI) Claim (DE 1545)* faster than before, following the first payment on a former employee's UI claim. Employers have 15 days to respond to this notice with any information that may affect the claimant's eligibility for UI benefits. This information could prevent subsequent benefit payments being issued until the claimant's eligibility is resolved. By responding quickly to these notices, employers are part of our continuing efforts to improve customer service and prevent fraud.
